Suzanne,

Thank you for the extension to COB April 19 allowing us to provide additional information in support of the Cooperating Parties Group Waterfront Development Permit (WDP). We are currently gathering information to respond to the requests found in both ODST's March 21 and April 12 letters. We also request a conference call with you and Dave Risilia on Wednesday morning, April 17 to clarify ODST's requests and format of our responses. Suggest a time and we will set up a teleconference number.

Stan Kaczmarek, PE

I just spoke to Ken Ratzman from the Bureau of Tidelands Management and he has agreed to an extension to allow for the permit to be issued at a later date than today and still be able to get on

the May 1st agenda. With that said, we need all the information requested in the attached letter to be filed with ODSST as one response document by COB on April 19th. We have until April 26th to issue the permit to make the May 1st date. If we need to schedule conference calls in the next couple of days to clarify what we are asking for in our letter, please let Dave know and we will schedule a call in line. If you have any questions, please feel free to contact me at (609) 292-8838.
